Connecting charities, volunteers and businesses

CHARITIES • VOLUNTEERS • BUSINESSES

We connect businesses and professionals with charities and causes

We help you to give your skills and expertise for free, by matching you with people that would benefit. Our extensive knowledge and experience of the local charity and community sector ensures that the experience is fulfilling for you and for the people you support.

HOW YOU'LL BENEFIT

We ensure your time and expertise is used effectively and has maximum impact in our local communities.

Through us, you'll:

- + support local charities and causes who need your particular skills
- + make a difference to local communities
- + develop your or your employees' skills
- + participate in a properly managed pro bono programme

By working with us, you'll be investing in and strengthening our local communities and local areas.

WHO WORKS WITH US

We're already working with over 10 local businesses and professionals. In the last two and a half years they've given over £130,000 of free professional advice and expertise to local charities and causes that wouldn't otherwise have been helped.

Through us, they've:

- + given their expertise in architecture and surveying, law, human resources, communications, branding and design, website building, data management, data applications, evaluation, and fundraising
- + shared their leadership, project management, and strategic and business planning skills
- + sponsored our events
- + offered reduced fees for their services

We can connect you to over 500 local charities and causes

HOW YOU CAN GET INVOLVED

We're looking for local businesses and professionals that are interested in:

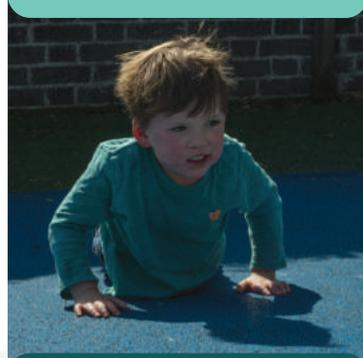

- + working one-to-one with charities on a short-term project
- + delivering training courses and workshops to charities
- + being a mentor to a charity worker or volunteer
- + reading and commenting on charity funding bids

Together, we've supported 70 local charities and causes to be more effective

"The many community and local charity projects ABIR architects have undertaken through our involvement with Community Works have been rewarding, often humbling, but always inspiring"

Giles Ings Director
ABIR Architects

ABOUT COMMUNITY WORKS

Voluntary and community action makes our society and local areas better. We want to make sure it does. And that it has the greatest positive impact on everyone. So we create the support and networks that help people and organisations to use their time, expertise and energy effectively.

If you need this information in a different format just get in touch to discuss your needs.
